AFFIDAVIT OF RICKY SCHAAF

The undersigned, Ricky Schaaf, being first duly sworn, hereby states as follows:

1. I, Ricky Schaaf, am over the age of 18, am of sound mind, and have personal knowledge of the matters set forth in this affidavit.
2. I worked for Dygert Seating and later Flexsteel for approximately 10 years.
3. My primary job was an installer on the sofa line.
4. As an installer, I used a ton of C-60 solvent degreaser to clean grease off of the sofa frames.
5. I also used C-60 to clean my hands when they became greasy from handling the frames.
6. I also remember and personally witnessed the other installers using C-60 to clean their frames.
7. I also remember and personally witnessed Jeff Mobley using C-60 in warranty.
8. The installers, including myself, would also use C-60 to clean our glue guns.
9. When I cleaned my glue gun I would remove the glue pot, take it outside, spray C-60 into the pot, swish it around and then pour the solvent onto the ground.
10. I also remember and personally witnessed the other installers cleaning out their glue pots the same way I cleaned out mine.
11. We had to dump the C-60 outside because there was no where to dump it on the installation line and we were in a hurry because we were on piece rate.
12. The only trash cans we were ever given were cardboard boxes.
13. I specifically recall asking Greg Lucchese what to do with my excess degreaser and he told me to take it out the back door and dump it on the ground.
14. The installers, including myself, also used C-60 to clean out our nozzles and glue tips.
15. When we did that we would spray C-60 into our glue pots, attach the pots to the line and then spray the C-60 out the back door.
16. We did that because that is what we were told to do by our supervisors.

17. During the time I worked for Dygert and Flexsteel I also drove a forklift and became very familiar with both the Marina Drive and the Cooper Drive properties.

18. In connection with that work, I personally witnessed employees of Dygert and Flexsteel dumping solvent at various locations on both properties.

FURTHER AFFIANT SAYETH NOT.

I affirm, under the penalties of perjury, that the foregoing statements are true and correct.
